WORK EXPERIENCE

Corporate Billing Executive – KAMINENI HOSPITAL | 2022 – 2026

Key Responsibilities:

- Processed and submitted medical insurance claims with complete accuracy.
- Verified patient records, treatment details, and supporting documents before claim submission.
- Prepared claim forms and uploaded required documents through insurance portals.
- Coordinated with insurance companies regarding claim status, pending documents, and approvals.
- Ensured all claims complied with hospital and insurance company guidelines.
- Identified and corrected documentation errors to reduce claim rejections.
- Maintained accurate records of submitted, pending, approved, and rejected claims.
- Followed up on pending claims to ensure timely processing and reimbursement.
- Worked closely with billing, medical records, and finance teams to resolve claim-related issues.
- Generated daily and monthly MIS reports on claim submissions and claim status.
- Handled confidential patient and insurance information while maintaining data accuracy.

- Assisted in improving claim submission turnaround time through timely documentation and follow-up.

Frontend Developer Intern – Archelos Technology Pvt Ltd, Bangalore | Feb 2026 – June 2026

- Developed frontend pages using HTML, CSS, and JavaScript.
- Worked on Login Page, Home Page, Product Export, Cafe Location, Contact Page, and Billing Modules.
- Designed responsive layouts with modern color combinations and dynamic buttons.
- Contributed to final project submission and UI enhancement tasks.

PROJECTS

Brew Haven – Cafe Management Web Application

- Developed a cafe management web application with responsive UI design.
- Implemented Login, Home, Product Export, Cafe Location, Contact, and Billing features.
- Designed attractive layouts, dynamic buttons, and interactive frontend components.
- Used HTML, CSS, and JavaScript for building responsive and user-friendly pages.

To-Do List Web Application

- Developed a responsive To-Do List application using JavaScript, HTML, and CSS.
- Implemented add, edit, delete, and mark-as-complete task functionality.
- Used Local Storage for persistent task management.
